## HOW TO USE YOUR EcoPress<sup>™</sup>

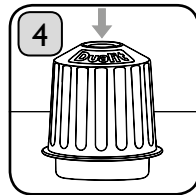

Place the EcoPress<sup>™</sup> Bucket on a flat surface

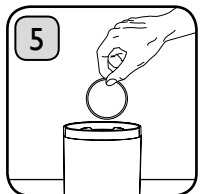

Line up the markings on the Lid and Bucket and twist to lock in place

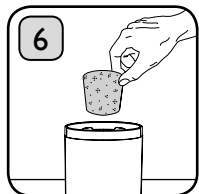

Place the used aluminium coffee capsule, foil side down, over the hole on the Lid

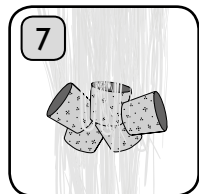

Place the Pusher over the Bucket and apply downward pressure with both hands

Lift the Pusher and remove the paper gasket (applicable for Dualit aluminium capsules)

Remove the capsule

Rinse off the remaining coffee grounds from the aluminium capsule

Recycle the aluminium capsule, paper gasket & coffee grounds\*

**Warning** – only suitable for use with used aluminium coffee capsules  
**Warning** – allow capsules to cool completely before using the EcoPress.  
Capsules will be hot immediately after extraction.

## HOW TO CLEAN YOUR EcoPress<sup>™</sup>

- \*The coffee grounds can be home composted, placed in a food waste bin or general waste bin.
- The Bucket will hold the coffee grounds of 10 aluminium coffee capsules.
- The EcoPress<sup>™</sup> is suitable for the top rack of the dishwasher, on a sub 40 degree wash cycle.

## TOP TIPS FOR YOUR EcoPress<sup>™</sup>

- We recommend you rinse your capsules in a colander with your washing up water.
- The coffee grounds collected in the bucket can be home composted, placed in a food waste bin or general waste bin.
